

About the School

A Child's Garden offers programs for children 3-6 years of age. Our philosophy and environment encourage exploration, independence and socialization. Individual development is promoted by offering choices of activities and individualized attention and instruction.

Our program teaches children through fun, hands-on activities. Your child will be engaged by a variety of projects, games, art, music & movement. Plenty of time is spent outside each day with organized games and activities as well as free time to play and explore. Sprinkler time & water play are the favorite way to keep cool, but plenty of shade covers the playground and the classrooms are air conditioned.

A Child's Garden is a private, non-profit Montessori school that was founded in 1983.

Children must be three years of age and reliably toilet trained to attend.

The staff is comprised of mature and experienced teachers

Schedule Options

8:30 - 12:30	Mon - Fri	\$150 wk.
	Mon, Wed, Fri	\$100 wk.
8:30 - 3:00	Mon - Fri	\$200 wk.
	Mon, Wed, Fri	\$120 wk.
Extra Hours	8-8:30 & 3-5	\$5 hour

Programs

Intro to Montessori is a half day program for new children that are enrolled for the school year. They will be introduced to some of the materials and lessons while familiarizing themselves with a Montessori environment. A minimum of two consecutive weeks is recommended for all new students. If a full day schedule is desired, the children will join the theme based program in the afternoon.

Montessori Summer School is for currently enrolled children who may need or want a little extra time working with some of the academic materials. Your child will spend about 2 hrs each day in the Montessori classroom working with the materials that will help them strengthen the specific areas needed. The remainder of each day will be spent in the theme based program with the other children. Full day schedule only; limited spaces.

Programs

Exploring Nature: Explore the world of nature by learning about plants and gardening, animals and their habitats and creepy crawly insects. Each week varies in topics and activities.

Music & Dance: Learn about some of the different types and styles of music and dance. Try out some new dance steps and create your own music with the available instruments.

Art Exploration: Explore different styles, methods and techniques used by famous artists. Each week will vary with opportunities for different forms of painting, sculpture, collage & drawing.

The Solar System: Become an astronaut and explore the solar system while learning about the planets, stars, and some constellations.

Books & Drama: Experience some real dramatic play by creating props and acting out scenes from popular books.

Under the Sea: Adventure under the sea to learn about the environment and the wide variety of creatures living there.

Dinosaur Days: Travel back to the prehistoric era to learn about the creatures that once roamed the earth.

Program Schedule

6/22 - 6/26	Exploring Nature Mont. Summer School
